

## TNS LIFETIME MEMBERS SIG

"Purchasing a lifetime membership is not the only way to assist TNS in its mission: volunteering at TNS events, contributing stories and photos to N magazine, assisting the Naturist Action Committee in its political work, and encouraging others to join TNS are valuable contributions, too. With so many exciting naturist opportunities flowing across North America, we want to be at the crest of the TNS wave. For a lifetime." — Mark Storey & Kathleen Blanchard

*"In some ways it seems like just yesterday, but we have been members of The Naturist Society for over a quarter of a century. Being passionate about the goodness of the lifestyle, after a few years of regular membership we chose to make a lifetime commitment to TNS because we believed in the work of The Naturist Society and wanted to be more involved and supportive."*

— Claudette Richards & James Dickey

For more info on the Lifetime SIG e-mail James Dickey at: [jamescdickey@yahoo.com](mailto:jamescdickey@yahoo.com)

*"We (my wife & I) became life members because we shared the abundant vision of TNS founder Lee Baxandall, even if we could never match his accomplishments. Thanks to him, those coming after him at the helm of TNS, and the many TNS members, naturism has become not just more widely known but better understood. We see fewer snide comments about it in the media and much more acceptance amongst the general public. Those are no small achievements." — Paul Rapoport*
